Seasons

In a year, some months are hot and some months are cold. Some months are wet and rainy. A year is divided into four periods called seasons, based on the weather conditions (that is, how hot, cold, or rainy a month is).

SUMMER:

- It is very hot in summer.
- The days are long and nights are short.
- During this season, the sun is hot and bright.
- We wear cotton clothes in summer because they keep us cool.

WINTER:

- ❖ The days are short and cool and the nights are long and cold.
- ❖ It snows in the mountains.
- ❖ We wear woollen clothes in winter.
- ❖ Many of us wait for Christmas and New Year which occur in December and January.

SPRING:

- The season that follows winter is spring
- Trees grow new leaves, flowers bloom and birds make nests.
- The festival of colours, Holi is celebrated in spring.

AUTUMN:

- ✓ : It is pleasant during this season.
- ✓ Usually there is a gentle breeze blowing and the sky is clear.
- ✓ Trees shed their leaves during this season.
- ✓ Many of our important festivals like Dussera, Eid al – Adha and Diwali, are celebrated in autumn.

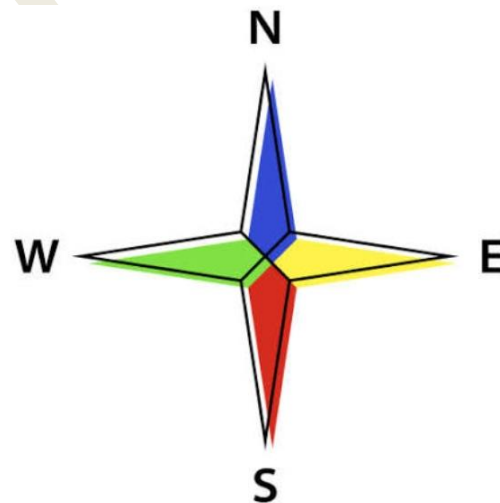

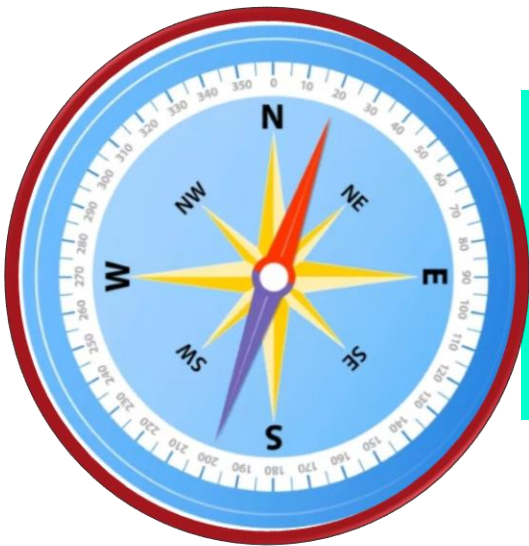

DIRECTIONS

There are four main directions. **EAST, WEST, NORTH, SOUTH**

➤ It help us find someone or something by giving us their position or by showing us the position towards which we must move .

➤ We use directional words like left , right, straight, ahead, behind, and in front, to give directions.

- We can also use a compass to find the direction.
- The needle of the compass always points towards the north.

The sun rises in the East.
The sun sets in the West.

ACTIVITY 1

Match the weather and the words.

Sunny

Rainy

Cloudy

Windy

Snowy
