

Chapter 5 and 6 Introduction to MS Power Point 2010 and Multimedia.

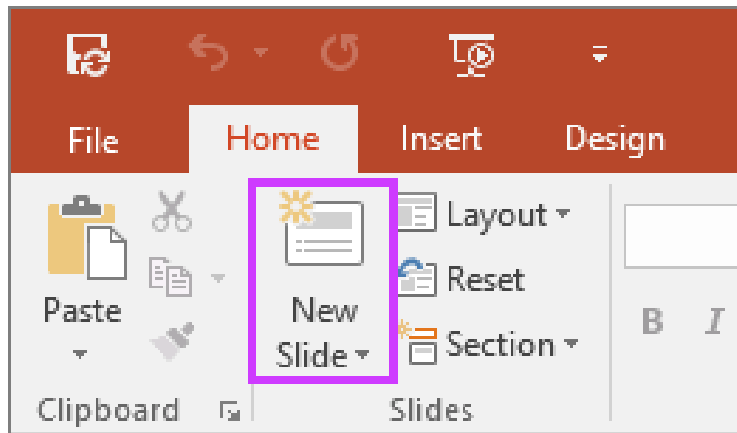

Working in a slide

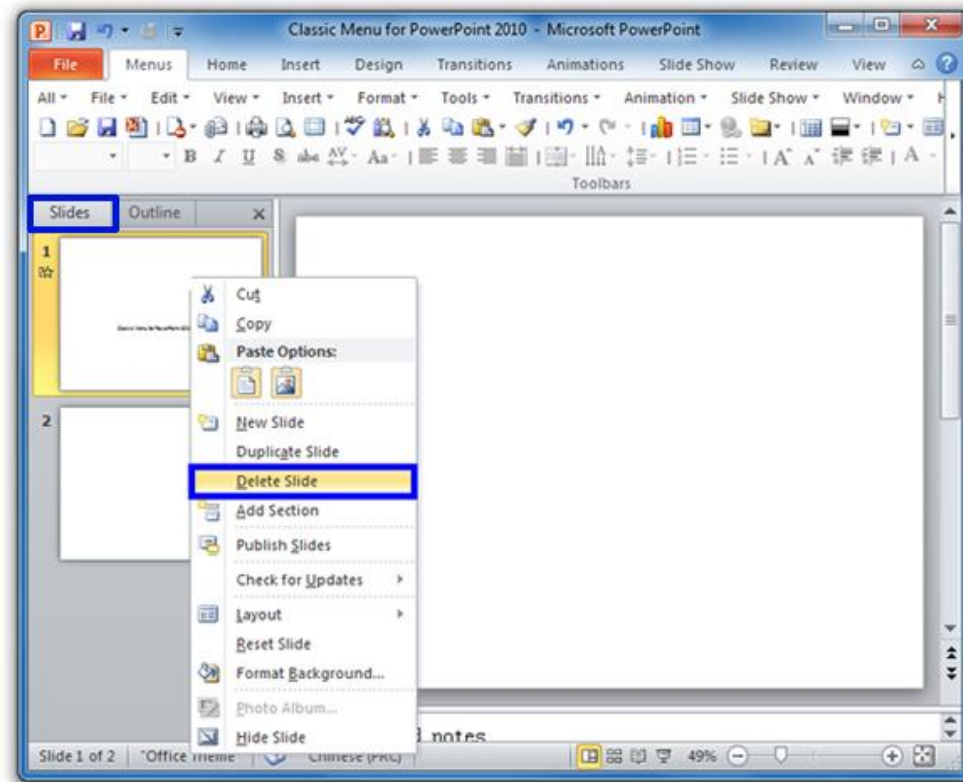

Inserting a new slide

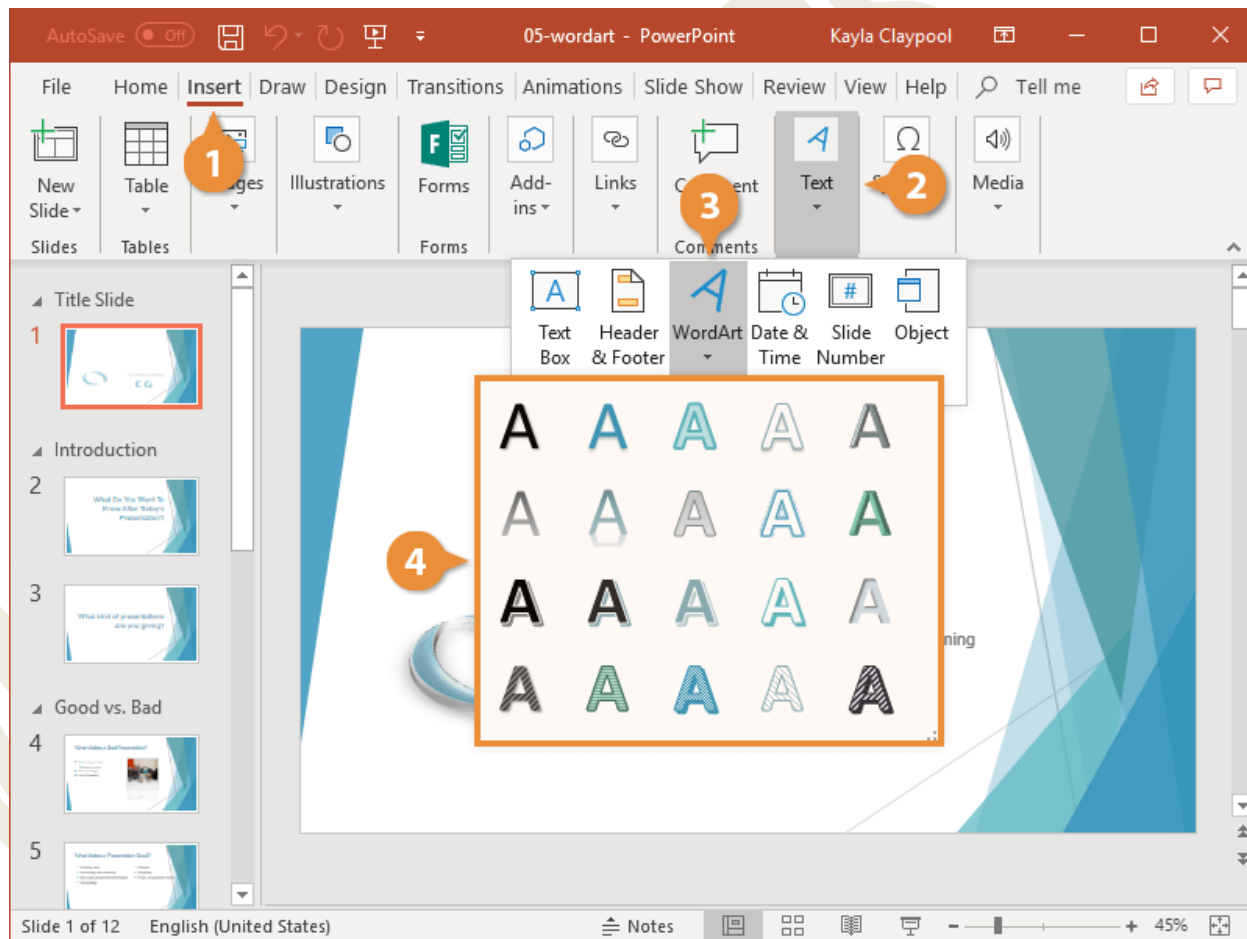

Deleting a slide

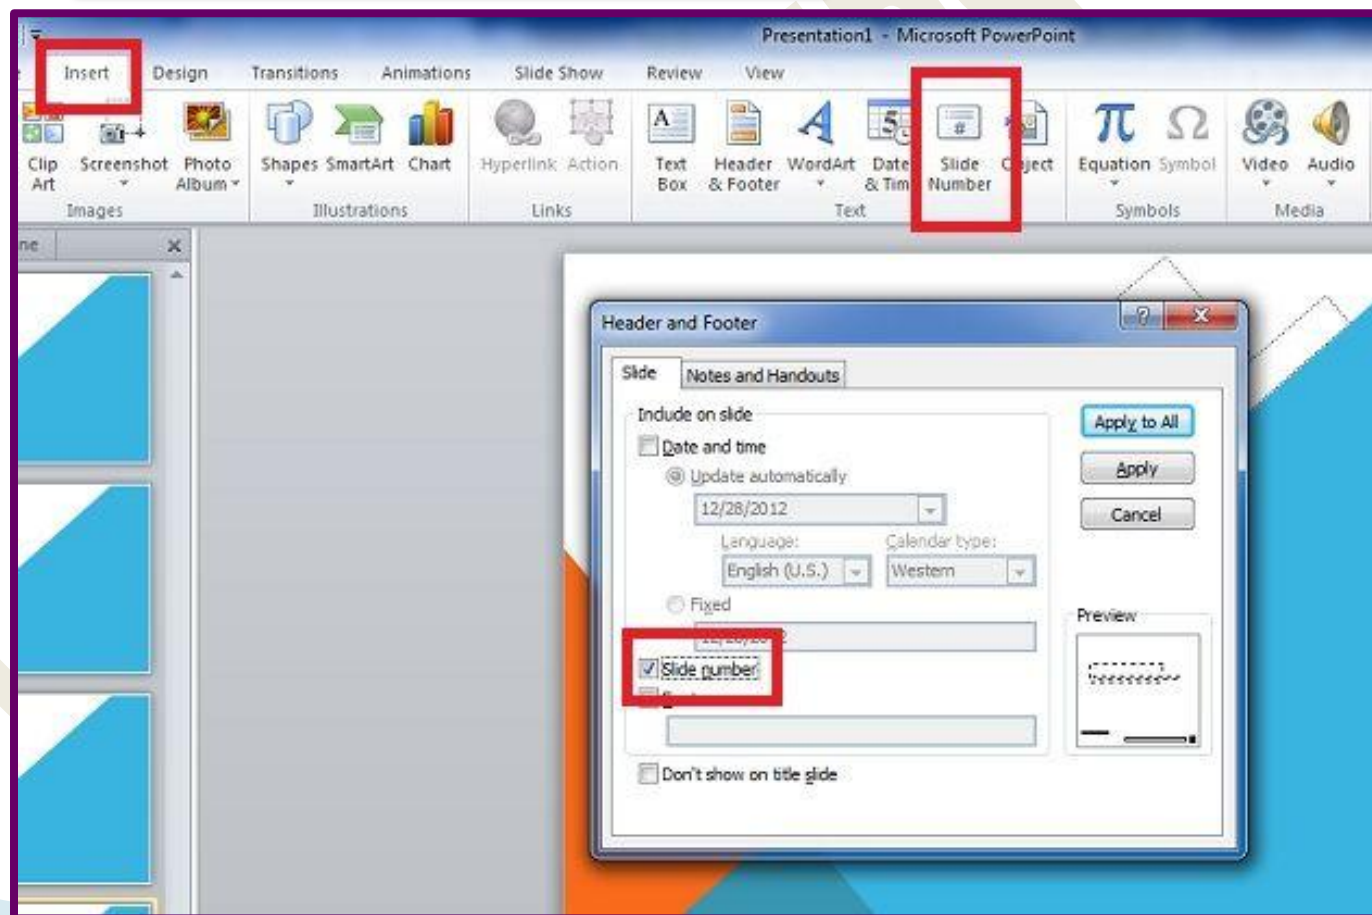

Inserting Word Art 2010

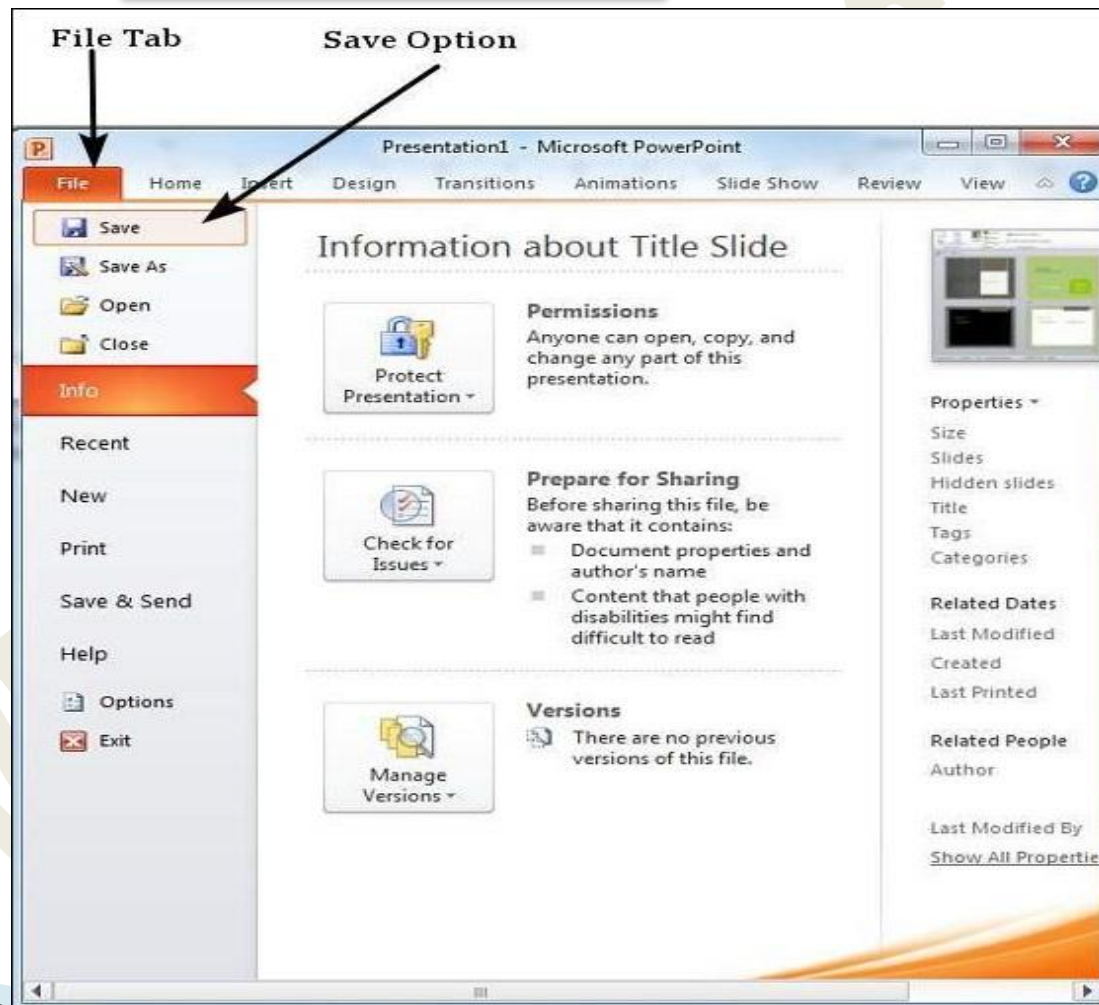

Inserting slide number

Saving a Presentation

Closing a presentation

The screenshot shows the Microsoft PowerPoint application window titled "12-close-and-exit - PowerPoint" with the user "Kayla Claypool". The "Info" tab is selected in the ribbon. On the left, the ribbon includes options: Home, New, Open, Info (selected), Save, Save As, Print, Share, Export, and Close. A red callout bubble with the number "2" points to the "Close" button. The main area displays "Presentation" information for a file named "Desktop". It includes buttons for "Upload", "Share", "Copy path", and "Open file location". Below these are sections for "Protect Presentation" (with a lock icon and a dropdown arrow), "Inspect Presentation" (with a document icon and a dropdown arrow), and "Properties" (with a dropdown arrow). The "Properties" section lists: Size (1.00MB), Slides (13), Hidden slides (0), Title (PowerPoint Present...), Tags (Add a tag), and Categories (Add a category). The "Inspect Presentation" section lists: Document properties, author's name, related dates and cropped out image data; Presentation notes; Embedded documents; and Content that people with disabilities are unable to read. The "Related Dates" section lists: Last Modified, Created, and Last Printed. The "Related People" section is partially visible at the bottom.

Requirements of a multimedia computer

Monitor

Sound card

CD Drive

Projector

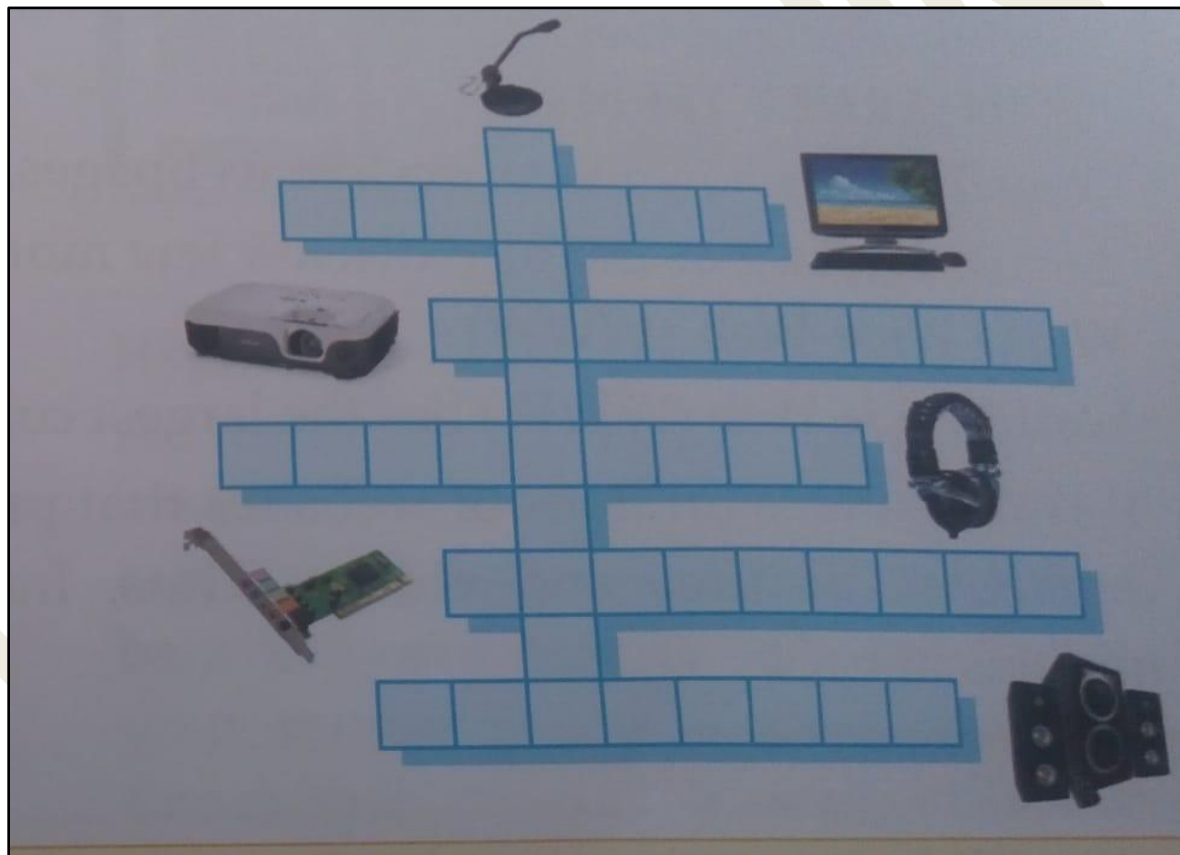

Microphone

Activity 1

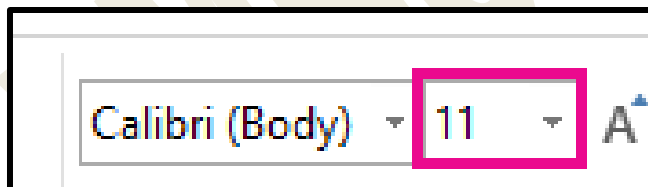

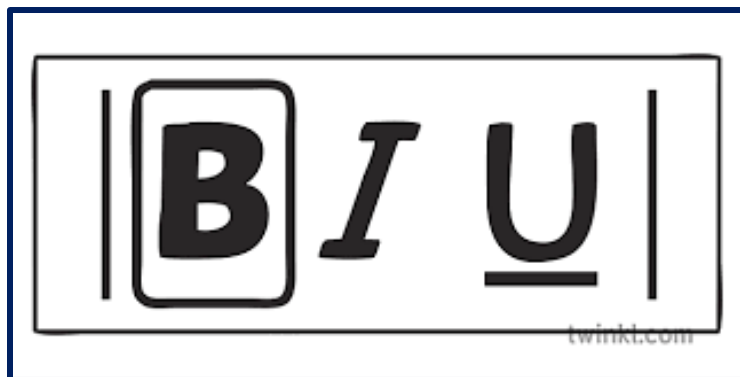

Fill in the crossword with the help of picture clues

Activity 2

Identify and write the name of the pictures

Health tips

HEALTH BENEFITS OF MUDAKATHAN KEERAI

Medicinal Uses

- > Effective for Constipation
- > Treating Rheumatoid Arthritis
- > Treating Skin Problem
- > Treating Piles
- > Treating Cough
